Micro SIM cutter for iPhone iPad + 2 adapters

In new devices like iPad and iPhone there is a new standard of SIM cards. The difference is only in size, because electronic part is the same. It is possible to cut unnecessary part of standard SIM to get **Micro SIM**. Of course it is possible to use a knife or scalpel, but there is a high risk of damaging SIM card. Using cutter you can get Micro SIM in just few moments. Set includes also **2 adapters** to convert Micro SIM back to normal size SIM card.

Usage:

- iPhone 4G
- iPad
- other models which use Micro SIM

Advantages of using the cutter:

- easy, quick and precision cut to get Micro SIM
- no possible to damage original SIM card

Set includes:

- **Micro SIM cutter for iPhone / iPad**
- 2 pcs of adapters to convert Micro SIM to normal SIM
