Martech Clip-Box original for Siemens with TP 3.0 FULL

Martech Clip-Box with TestPoint Adapter v3.0 is the first in the world standalone device for **unlock, flash and repair all Siemens phones without using PC**! It can also work as normal Martech Box with PC computer ! In Clip mode all options You can see on colour LCD, and all flash files You can save on MMC card. Of course any time You can connect clip to PC and use Clip like normal box..
Features:
- UNLOCK ALL LOCKS AND PHONE CODE
- CLOSE SP-LOCK TO ANY NETWORK
- Calculate UNLOCK CODES
- READ/WRITE EEPROM, FIRMWARE, FLASH
- FAST READ/WRITE LANG PACKS/T9 PACKS
- REPAIR ALL DEAD PHONES!!!
- REPAIR IMEI, "Wrong Soft." etc.
- SOFT WORKS ON ALL KNOWN SW VERSIONS
- This is 100% working, professional soft with full technical support!

Martech CLIP device:
- device is a conection of BOX II PLUS device + mobile CLIP device working without PC !!!
- advanced USB Device
- works on all Windows systems (win95, win98, win ME, win2000, winXP etc.)
- can flash and communicate with phones at high speeds (230400, 460800 kbd etc...)
- device is connected with PC via 1 cable (USB) only. No COM, LPT ports needed!
- fast flashing, stabile work on every PC, and professional made PCB
- remote UPDATE function (box firmware can be updgraded remotly) - important when new algorithms will appear in phones
- CLIP is ready to activate and run other our softwares in future (you can use our different softwares on one device!)
- CLIP can work also without PC computer, running many uploaded programs
- programs, flash, EEprom files and addtional datas are stored on MMC card , so you have unlimited size of memory for storing your data and using without PC!
- all files can be managed directly on device without connecting to PC (making folders, renaming files, deleting and moving files) - all informations and large amounts of data (full names, progress bars, dialogs etc) are shown on big, colour LCD
- auto showing testpoint images on CLIP's LCD

INCLUDED Special "TESTPOINT ADAPTER v3.0":

"TESTPOINT ADAPTER v3.0" is an additional adapter for Martech Clip.
Clip + TP ADAPTER v3.0 allows you to repair and unlock the newest versions
WITHOUT CUTTING TRACKS AND DESOLDERING ICs !!!
Just connect special test lines with test points on phone's mainboard (using special included cables).
