Car charger for your PDA, perfect for keeping your battery topped up whilst in the car, or keeping your palm going during a long journey. Simply fit it into the cigarette lighter port in your car, plug the tangle proof cable into your device and away you go.

You'll never run out of power again - great for business trips or long journeys!

Green light indicates readiness for charging. Can be used with 12 VDC or 24 VDC systems. High quality, light weight, small, and unobtrusive.

Output current: 5V, 1A.
