MX-Key credits

If user purchased old DCT4+ activation or has at least 100 DCT4 logs on mx-key account then unlock/repair for DCT4+ are unlimited. In case you do not have DCT4+ activation (or at least 100 DCT4 logs on mx-key account) server will charge 1 log for each operation and deduct from 50 free logs included with each new mx-key:
- unlock new UPP ID for DCT4+ - 1 log (unlimited/free if you have at least 100 DCT4 logs)
- repair SP Lock in DCT4+ - 1 log (unlimited/free if you have at least 100 DCT4 logs)
- generate SD for DCT4+ - 1 log (unlimited/free if you have at least 100 DCT4 logs)

Same situation is for BB5+ models. For dongles with min. 100 BB5 logs unlock/repair operations for BB5+ are unlimited. Only users who purchased old DCT4+ RSA activation have 100 logs on mx-key account.
In case you do not have min. 100 BB5 logs (you did not buy DCT4+ activation or you are a new user) server will charge 1 log for each operation and deduct from 50 free logs included with each new mx-key:
- SD repair (Super dongle) - 1 log (unlimited/free if you have at least 100 DCT4 logs)
- generate SD Auth in BB5+ - 1 log (unlimited/free if you have at least 100 DCT4 logs)
- generate NCK in BB5+ - 1 log (unlimited/free if you have at least 100 DCT4 logs)
- repair simlock area (RPL in BB5) - 1 log (unlimited/free if you have at least 100 DCT4 logs)
- generate unlock code for BlackBerry - not available (available only for users who have min. 100 DCT4 logs **AND** 100 BB5 logs.

If you have have min. 100 DCT4 logs **AND** 100 BB5 logs you can unlock BlackBerry phones for free.

All users who have min. 100 DCT4 logs **AND** 100 BB5 logs can perform below operations for free/unlimited:
- unlock new UPP ID for DCT4+
- repair SP Lock in DCT4+
- generate SD for DCT4+
- SD repair (Super dongle) in BB5
- generate SD Auth in BB5+
- generate NCK in BB5+
- repair simlock area (RPL in BB5)
- generate unlock code for BlackBerry
