Ultima Rocker Box

Ultima Rocker Box is the newest project by Ultima Box team. In order to provide highest level of support and in same time user friendly software, we developed Rocker Dongle protection platform.

Key features:

The very first solution available on the market supporting all Motorola platforms. P2K, 3G, i-mode, Smart Phones and all ODM (Compal) based models.

User friendly interface - Simple to use features and functions, very low resources consumption,
Fast and stable communication via PC USB Ports. New phones support USB 2.0 allowing highest baud rates.

Full support for all models with all language packs available on market

All dongles comes preactivated, does not require any registration to access support area.

Access to Turbo-Support.com with single click!

Moto Rocker features:

- Unlock time is 2 seconds for most models,
- No need to open phones to flash language pack,
- The only solution which allows reading language packs without opening phone,
- Fully standalone PDS Repair functions, no need for internet connection,
- Turbo flashing speed - You can change language in Motorola phones in 25 seconds now,
- First box with unlock support for LTE2 platform Motorola phones ! (V360, L7, V3i, V3r, V235, K1 KRZR, Z3 RIZR, L7E)
- No Test Point support for all bootloaders versions on all LTE Models, (including 08.29)
- No Test Point support for all bootloaders up to 0A.52 for LTE2 Models,
- No Test Point support for all POG 3G models !(including 0.6.9.0)
- Support for the newest ARGON UMTS platform ! (V3xx, V6 Maxx, V1100, V3xx i-Mode, K3)
- Only Moto Rocker software can read monster pack from phone, without use of test points, no other software can do this.

ODM Rocker features:

- Fast unlock,
- Turbo flashing speed ĩ with special foxlink cable You can flash phones now at 912kbps,
- Huge collection of flash files for all regions, constantly updated,
- Repair software damage on most models,
- Support for latest models - W220, W375, F3 Motofone
- Direct unlock and repair for all models based on Calypso + chipset (C257, C261, V175, V177, W375)
- IMEI Manager - Repair/Change IMEI on all calypso, calypso lite models ! (W220, C168, C11x, C12x, C13x, C15x, V17x)

Supported phone models (updated on 10th Sept 2007):
